

## SEA EAGLE-50

Excellent comfortable conditions of the "Sea Eagle-50" allow possibility for a long stay onboard for three families. In addition to the central cabin there are two guest cabins with a double bed each, and an even more spacious master cabin.

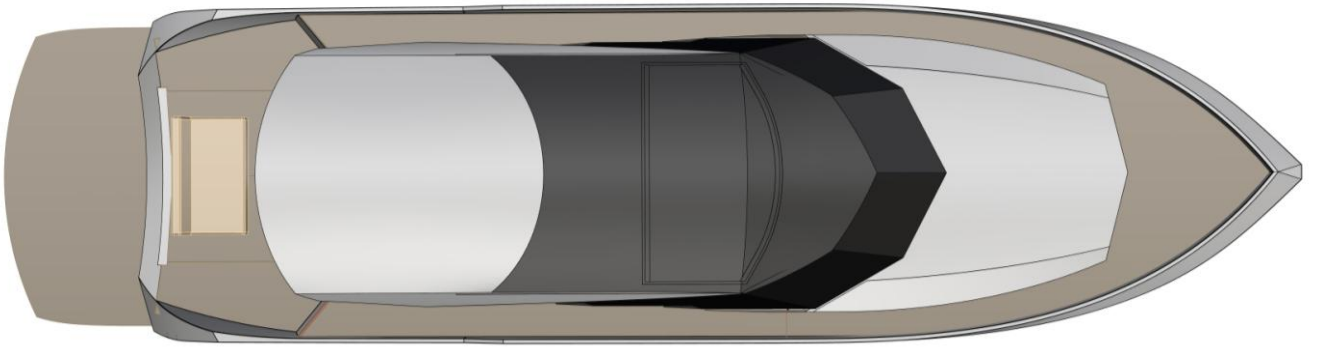

The interior of this yacht can be transformed into different layouts: every sofa in the central salon can be folded out into a double bed. Floor and cabinets of the galley unit are made from laminate wood. All of the upholstery is made from light colored fabric. Ceiling is made of a light color vinyl.

### Technical specifications

|                                   |                                   |
|-----------------------------------|-----------------------------------|
| Length .....                      | 15 m (50 ft.)                     |
| Width .....                       | 3.8 m (12.46 ft.)                 |
| Immersion .....                   | 0.9 m (2.95 ft.)                  |
| Deadrise .....                    | 20 °                              |
